

Motorized Blinds Project Checklist

Use this checklist to prepare a clear quotation or sample request. Final suitability depends on the confirmed product, dimensions, installation and control requirements.

Item	What to provide	Your notes
Product type	Roller blind, curtain track, zebra blind, venetian blind, honeycomb shade or another required type.	
Width and height	Finished width and height for each opening; identify any special shapes.	
Quantity	Quantity by window or room.	
Mounting	Ceiling, wall, recess or other site condition.	
Fabric or slat preference	Blackout, light-filtering, sunscreen, color or finish preference.	
Power	Available wiring route or preference to discuss a battery option.	
Motor	Any required brand, torque, noise or project requirement.	
Control protocol	Remote, app, Zigbee, dry contact, RS485, KNX or Unknown.	
Packing	Dealer sample, project packing or export packing needs.	
Delivery destination	Country and ZIP code or city for shipping discussion.	

Send your completed checklist with drawings or a window schedule through the [Saiwenna Contact](#) page.
